

LOCAL DEVELOPMENT PLAN PROVISIONS

- General Provisions**
- The provisions of this Local Development Plan constitute both Residential Design Codes (R-Codes) 'Deemed-to-comply' provisions and development standards under the City of Swan Local Planning Scheme No. 17 and other City of Swan Policies and Guidelines. Where there is conflict between the R-Codes and the provisions of this LDP, the LDP provisions shall prevail.
 - Minor variations to this LDP may be approved by the City of Swan.
 - Compliance with the LDP provisions will not require consultation with adjoining and/or nearby landowners.
 - All lots subject to this LDP are subjected to an approved Transition Lot Management Plan (TLMP) (Plan 2).
 - The point where a vehicle crossover wing intersects the kerb is not to be located within 300mm of the kerb transition to side entry drainage pits as designated on the LDP.
- Lot Type A Only - Setbacks & Development Standards**
- Street and boundary setbacks shall be in accordance with R20 development standards as set out in the R-Codes, except that:
 - The minimum dwelling front setback is 3.0m;
 - The minimum dwelling side setback is 1.5m;
 - The minimum garage setback is 4.5m;
 - All other development standards applicable shall be in accordance with the development standards as set out in the R-Codes (density coding as per the Caversham Local Structure Plan), unless varied within this LDP.
 - Dwellings shall be designed and constructed in accordance with the noise attenuation standards set out in the TLMP, as follows:
 - Habitable rooms are to have forced ventilation;
 - Outdoor living areas are to be located as far as practicable from the potential noise source (i.e. vineyards and agricultural uses);
 - External doors are to be hinged 40mm solid timber core (or approved equivalent) with acoustic seals; and
 - Windows to be awning/casement style with compressible foam seals, commercial grade frames and 10.5mm VLam hush glass or equivalent.
 Note: Should you wish to vary the acoustic requirements, measures proposed are required to be accompanied by certification from an acoustic consultant.
- Lot Type A Only - Building Envelopes**
- Habitable dwellings and outdoor living areas are to be contained within the 'Building Envelope' as designated on this LDP.
 - Outbuildings, garages, carports and other non-habitable structures may be permitted outside of the 'Building Envelope' as designated on this LDP, and shall be setback as per the requirements of the R-Codes for R20 coded land.
 - No structures are permitted within the 'Earthworked Bund' area as designated on this LDP.
- Lot Type B Only - Development Standards**
- Dwellings shall be designed & constructed in accordance with the noise attenuation standards set out in the TLMP, as follows:
 - Habitable rooms are to have forced ventilation;
 - Outdoor living areas are to be located as far as practicable from the potential noise source (i.e. vineyards and agricultural uses);
 - External doors are to be hinged 40mm solid timber core (or approved equivalent) with acoustic seals; and
 - Windows to be awning/casement style with compressible foam seals, commercial grade frames and 10.5mm VLam hush glass or equivalent.
 Note: Should you wish to vary the acoustic requirements, measures proposed are required to be accompanied by certification from an acoustic consultant.
 - Lots 1855, 1876 and 1878 (corner lots) shall be designed with major openings addressing both the primary and secondary streets.
